Ulver-66-5-4-3-2-1

Sadly, Ulver's album of covers is rather boring. You'd think they would make more interesting covers than the most simple covers possible. It's Ulver damn it!

Kayo Dot-Gamma Knife

Meh. Not digging this album that much. Their one right after this is better. This one has the weird as hell Kayo Dot experimentation, but doesn't have enough to it that grabs me...
