Fox Waifus. Why? It's anime.

Batman or Spider-Man?

A true man of culture I see. And a test of culture as well. Hmm. Batman, because they don't need to be bitten by a radioactive spider to save the day. They just have to watch their parents die and develop severe childhood trauma.

Located in the far southeast, the abandoned continent and the far flung isles a large landmass surrounded by several smaller but significant masses. Most of it is a barren desert wasteland, home to exotic and dangerous fauna. There is little forest compared to the massive region of desert wasteland. Even so, bizarre species occupy this mostly untouched and isolated continent.

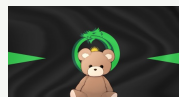

Oh, an alternate version of "a land that DOESN'T EXIST" in real world.....

My flag isn't Italian nor Mexican.
