Uno Reverse Savior arrives and as he is about to reverse time to bring back the leaders, Lord Veemaa suddenly attacks him. Veemaa was resurrected by his Catalan supporters and gives thanks to the Lorax for killing his rivals. He wishes for them to remain dead so the World Without Borders becomes reality.

But Uno Reverse Savior is in shock. Lord Veemaa has full-on cosmic supernatural multiversal powers beyond infinity. Then it dawns on him. Only two other figures have this power in the multiverse. Supreme Man and Master Man from the [Man](#) thread.

Lord Veemaa then reveals his true origins to Uno Reverse Savior as he notices his shock. He says he is actually [Supreme Man](#). And that in reality he never died when he revived his apprentice Master Man, instead he actually teleported away to another universe to start again. He took over the body of the son of President Veemaa of the now destroyed Nordic Union, Lord Veemaa Abelló II of Catalonia, and now Supreme Man wishes to abolish all political borders and external divisions in the planet Earth, and then the entire No Rules RP Universe, and then the entire Multiverse.

Lord Veemaa aka Supreme Man clashes with Uno Reverse Savior in an epic cosmic battle across space and time. Cosmic dust flies everywhere. Teleportation across galaxies is done. Supreme Man seems to have the upper hand having had eons of experience in his abilities. Uno Reverse Savior hopes to delay Supreme Man long enough to allow the allied forces on Earth to defeat the Catalan armies.

Epic Halo music plays as former President Chimichanga takes control of the Martian faction forces after their leaders were killed by the Lorax. Supreme Commander Myri'ah takes full control of the Catgirl Republic's political system under an Interim government with the death of its leaders.

The CCA's remaining leaders, including the Capuchin, alive because managed to subdue the Lorax when the Lorax tried to assassinate the Capuchin, begin preparing for the final operation. Operation Monke and Banana Time. The Capuchin makes another [impassionate speech](#) and calls for the world's free nations to unite to defeat a common foe.

The Baluch Federal Kingdom, after losing Sistan and Baluchistan and all of their territory in the Arabian peninsula and only having control of Northern Somalia, go haywire and take over all of Somalia, Eritrea, and Ethiopia. They also change their name to United Nations of the African Horn (UNAH).

Byzantium watches as the world explodes becoming a Switzerland in the process and selling weapons to high sides for profit

The island of the Galapagos and the main power of South America controlling the West of South America. Militaristic and authoritarian with a troubled past and an uncertain future with stability at an all time low due to a lost war and unpopular occupiers.

In the confusion, Ilirida marches into Byzantium with the backing of Mississippi and Bashkortostan supplying them with weapons. After that, Ilirida gets a panhandle connecting them to the Black Sea.

The O.K. of Mongolia ( since it's both inner and outer Mongolia) becomes a trade partner of UNAH.

UNAH happily trade with The O. K. of Mongolia and expand their territory whilst doing so, taking Djibouti, northern Kenya, Eastern Uganda, and South-Eastern South Sudan.
