Ok, your dedication to make the world a better place is admirable and I like how you are not strictly bound by any ideology. However here's a bit of a note, I don't like colonialism and you have "colonies." Your country shouldn't have acquired colonies in the first place but the damage has been done so in retrospect, good job for helping our your colonies. Sablin, you have my support. Now do me a favor and design better clothes for me so that people would stop calling me "unfashionable."

"During a press conference about policies in the military sector, he was asked for his historical opinion on the nation's Hintuwan President Henry Bulalacao, about his failed operation against the terrorist group GNIS"

“

I can say that operations against terrorist groups should be better thought of, because it can be varied and they always have a trick up their sleeve, but I don't know what caused it, so it is the only thing I can say, although if we look at economic progress, it seems fabulous to me that they call it a rising tiger, I think that nickname suits it because of its planning in the economy.

"In the same way, they ask him about the declaration of the nation's Sherechia infrastructure and transportation minister:"

“

He is a very friendly person, I like that we share the same religion, I hope he can visit the churches that exist in our nation to learn about our traditions since most of the population is atheist or has no religion.

"Oh ho ho! A conundrum! Their chosen gender identification seems to be based roughly on what side of the clock the second hand is pointing. While I'm not one to begrudge another in refusing to conform to 'traditional' gender paradigms, I do believe that most would appreciate it if they picked one and stuck to it. The rotating pronouns make for very jarring reading. As for their positions, I suppose their heart is in the right place, but they come off as... wishy washy. There's no other way to describe it, really. I've the sense that their resolve has never been truly tested, and too much has just fallen into their lap. Just... eh." -[Cala Azzakrat Deep Kraken](#)

"And the battle is go... Oh... got carried away. I was thinkin' of Hoi4 TNO and realized, that I am in the middle of makin' a public statement about Prime Minister Sablin. Alright dudes, Sablin seems to be a rather young and idealist dude, who also knows his drill well in public realtions. I am sure, his philanthropy helped, but it's not alone, that gave him so many supporters. Perhaps, his charisma also helped him to gain the people's support, he just radiated his utopian dream, made people feel, that it's close and with their help, it will be achieved. I can relate to his utopianism... Cause, we are like that. With the help of idealism, we have rebuilt our country after 25 years of oppression and civil war, and made it great again. I don't see why should we not love him. His ideas are like our's, he is charismatic, awesome and idealistic, and he looks good in this outfit. He probably designed it himself... Sadly, white ain't my favorite color and style. Gets dirty easily, plus ain't my style, I prefere something more... casual? He definitely should design parade uniform for military and police.

In the end, the council decided, that he just emits positivity and voted for stronger diplomatic ties with him and his country. Valera! We love ya!"-Shawn Bjomson

"Inigo is... certainly a very unique character. He is certainly brave and courageous in leading his people into a revolution, and I can only respect someone who takes the damage he has and lives on normally. Plus, that axe does look like quite the tool. But getting into brawls with your parliament, eviscerating gun control laws... and you keep preaching about your visits to these 'Kai Tsofan and Khosonkhande' characters. Fake idols, they are, nay even worth a glance. What would a politician and a cult leader be to Christ, the one true Savior of Man? Is he or his father, the Lord, of no power compared to those who visit you in mere dreams?

Anyways, my opinion of Inigo is neutral... perhaps somewhat negative. A strong man and a great leader, for sure, but I'd like him to have more professional conduct as a leader... he may say that I may not be the most brightest example, but I do show enough tact to mind my language and, well, not get into brawls with my cabinet. There was Ionatan, yes, but was a regulated and legally binding duel, far from the ugly messes in the Sherechian parliament that would be more appropriate on WorldStar than a house where your country's most trusted are supposed to be resolving issues."

AAN:

The Supreme Leader, Zevqir now in 3D

Next on the list of aliens which I have to give my very fair opinions on is Kanata. Kanata somethingsomethin I don't care. What the hell are you! Why is your hair so long, I hate it. It reminds me of your alienness and makes me sick. Now let me finally read what your bio. Ok so one of your parents was a Soviet navy deserter, so that means that you have literal traitor-blood in you, just like any alien scum. You were apparently one of the many people who had witnessed plane crashes. I don't know what makes this one special from other plane crashes, but I'm going to assume that these planes got shot down, because apparently your species is so incompetent that they fight among themselves, unlike totally us.

Then you were conscripted into a "Second Korean

War". I was also conscripted into a war one time, and I had to fight against disgusting alien filth like you. Aliens like you have ruined our glorious Ultra-Galactica. Anyways after a bunch of battles that I don't care about because terrestrial battles are too unsophisticated for me, you saw one of your enemy's armies abandon your allies, which made you realize the "treachery" of these "Chinese." Well in my humble opinion, your kinds treachery against Ultra-Galactica makes you no different then those "Chinese." Then you were burned by "Black Napalm" but unfortunately didn't die. Instead, you got plastic surgery, that according to your bio, made you look "beautiful", which I disagree with because aliens can't look beautiful. But despite these horrible events, your stupid alien brain thought it was a good idea to stay in that army, so you joined the war against this group called the "GLA" and then some more terrestrial battles happened which I don't care about. Except for the part maybe where you were hit by "anthrax" which apparently messed with your brain, which is weird because I don't think aliens

have a brain. If they had one, then they wouldn't have done something stupid like kill our Gods and destroy Ultra-Galactica.

Now we go to your personality. You are showing typical alien cowardice because you had to hide your real views behind some sort of mask of "neoliberalism", whatever that is. You really, really, really HATE these "Chinese." Which coincidentally also perfectly describes how I feel about you and the rest of your incompetent species. Your hatred was apparently caused by "trauma" which proves that you are a weak-willed coward who lets her feelings control. At this point I'm pretty sure that your soul is so corrupted that it's completely unusable. You don't even deserve being sacrificed. The only thing you deserve is having your face being melted off by plasma weaponry. Maybe then we can melt your plastic surgery and use it for something actually useful, like making more hammers to bring back glorious Ultra-Galactica.

AN:

"Phlegomy is one of the many ugly aliens I've come across that only deserves to be sacrificed for Ultra-Galactica. You became an Archon and were elected monarch because... do you even have any leadership skills? Because I don't think that you, or any alien, is actually good enough for a position of leadership. I'm pretty sure that he chose you more because of corruption than anything. My

final conclusion is that the only thing you deserve is a hammer to the face. Now scam!"
