Monkey 1410 is the tragic story of a former landlord who secretly harbored capitalist sympathies and thus decided to emigrate out of the PUCCR to profit from rental bonds and other greedy things that landlords do, which is legally permitted under the Open Borders Act of 21 AAY. However]during the voyage, the ship the monkey was on just so happened to be raided by international pirates and monkey 1410 was accidentally killed in the ensuing firefight between the pirates and private security.

Monkey 1400 was robbing a bank with his acolytes when a loud humming was heard, followed by the last words he'd ever hear as a black figure with glowing green eyes lunged at him.

"You call this resisting arrest? We call this a difficulty tweak!"
