Because of German Empire vibes, some sort of Protestantism, maybe Lutheranism in specific.

State atheism, or at least a form of secularism but a bit more extreme.

Lescaaris, a progressive democratic-diarchic merchant republic in the near-future "post-post-apocalyptic" America, where society is rebuilt and new nation-states have been created while the United States government is nowhere to be found (I doubt the setting is really important and relevant though). Famous for European architecture, EDM, nightclubs, civil liberties, job opportunities, and trade fairs.

(To get a general theme-idea, Lescaarch culture is a combination of Dutch, Italian, Belgian, Monégasque, and French cultures.)

Let's normalize EDM and pop music anthems!

Eastern Orthodoxy, though the government is atheist.
