Relatively well known.

= Blackhawk Realm / Schwarzhabichtreich =

A nation in a different Earth with slightly different countries, the Blackhawk Realm attempts to cement itself as a superpower under novudeism. It has land mainly in Europe, but also Africa, South America, and Asia. The Realm is famed and founded on their brutality against those who they see as inferior, like most fascists. Unlike most fascists, however, the state is founded on a new and arbitrary race, state, and/or culture, with worse policies than normal fascism (not as bad as Nazism). This creates a new ideology: novudeism (from Latin novus deus, new day). It includes Aquilanians, Velanidians, Aetherlanders, Lavanese, northeastern Spadacians, mainland North Seians, and northwest Lavenderians. This nation doesn't represent my views.

Moderately known, since they're like me when it comes to posting schedule. Pop a couple of posts here and then abruptly leave for a long time for the dust to settle in the forums, rinse & repeat.

Not all too well known due to not being a nation for long, but you look like you're off to a great start. Even if there is no maroon on your flag, but a sorta-deep red.

They were around in the past few years, kindaaaa disappeared and then popped back in. You can absolutely recognize them still, despite the passage of time.

Hey **Aursi**!

How are you? Good? Well, here's hoping that's your answer!

So okay then, how well known do I think **Aursi** is? Well... Ehm, uhm... Wow, that's a doozie of a question!

I really don't know! And let me try to explain why...

The name of AN[*1] seems... Oddly familiar to me. Like I should recognise them from somewhere, like I should immediately be picturing a point in the past where I've seen, no interacted with them! But honestly, I don't know... And ehm, no offense to you my friend, but with the general MT vibes I'm getting from you, adding onto the rather generic signature, (which is fine! It does the job immaculately, no wonder why the general design is used so much!) the posting style which really fits into a lot of other posts and their length/wording/presentation, and their flag to boot, I think unless there's been some specific, cool interactions with **Aursi**, I really don't think a lot of people will ultimately recognise AN!

Seriously, no offense! And don't let me take away from what you have. Not everyone's going to emerge into the Forum 7 spotlight and that's okay! Just continue working on what you've got (if you want) and as long as you're feeling satisfied by it and find it fun, well then, that's all that matters, huh?

But, my point(s) still stand... I don't think **Aursi** is really that well known at all... But maybe that can change, in due time!
See you later! Good luck with whatever you do ^ ^

[*1] = Above Nation

Alaska

The Tsardom of

Царство Аляски, or the Russian Empire lives on in it's old colony, Alaska after the conclusion of the Russian Revolution of 1917. Standing with it's allies against the Moscow Accord of Russia and it's alliance members, nevertheless world tensions dwindle and the people of Alaska grow ever more desensitised with the conservative status quo, and their insistence on clinging to a now redundant past.
