I don't believe so.

BN has a positive connection to Simonia.

Vance Ajik is recovering from fighting Zirol, NS Stats were caught in Monkey Genocide and were never seen until their life link was brutally annihilated by Kronos, and one more thing the mitochondria is drunk from being the cell's powerhouse.

Hello there. I'm **Simonia**, your average leporine TG-loving F7er. Our nation has twenty-one provinces, four regions, and four capitals. And before you ask, Pink Castle City is called that for its pink castle, Pink Castle City's main building.

Stay. Have a drink. This is somewhere to be. This is all you have, but it's still something. Streets and sodium lights. The sky, the world. You're still alive.
