Monkey 2201 unfortunately and suddenly reemerged inside of Monkey 2196. Both later due to complications.

Monkey 2194 spontaneously, via a horrific and phenomenally unlikely quirk of quantum physics, supercompresses itself into an impossibly small amount of space, detonating with roughly the same amount of energy as the Tsar Bomba.

THE PEOPLE * ETERNAL

" We will not bow to your dictation. We are free. We bled to be free. Who are you to tell us what we may and may not do? **We stopped being your slaves an era ago.** "

South Reinkalistan is a massive, ecologically-diverse nation notable for its roving student militias and widespread hatred for the elderly. In the midst of a room-temperature cultural revolution that's lost its momentum, the Party carefully plans its next move. As the brittle bones of fragile empires begin to crack beneath their own weight, history's symphony reaches crescendo pitch. The future is all but certain.

Monkey 2190 was the Vice President of the Republic of Monkeymartys who was set to run for and win the next election. He was assassinated, which set off a chain of events leading to a grueling four-year war.

Monkey 2182, not satisfied with only one monkey dying from a plant, ate the Monkeybane plant Monkey 2185 discovered. Surprising no one, he died too.
