Greetings!

The common practice here is to quote the bit that you're commenting on.

Anyways, HRT stands for Hormone Replacement Therapy. A male-at-birth body doesn't usually provide enough estrogen for female development (like breasts, face shape, even body hair), and HRT helps those who are transgender to start developing in their preferred gender, like estrogen for trans women, and testosterone for trans men.

AN: Culprits behind HSR rail theft

Who does that, seriously?
