Favorite thing from AN's sig: " US Government puts 20 million acres of Federal lands in Idaho, New Mexico, Bourbonnais and Alaska for sale to homesteaders to encourage deurbanization 'in the crowded cities of the east, south and southwest'."

Reaction: Those parts of land in Alaska are in more temperate areas, yes?

I assume that's more often the case than we tend to think.

PMT Alt-Future Great Britain that is pure, unadulterated LARP that exists solely to distract myself from my deteriorating mental health.

It is 1938, 20 years after the **Great War** and the German humiliation, and democracy has persisted in **Germany** in spite of attempts to subvert it from the secret societies of the far-right **Thule Society** and the reds of the **KPD**. However, **Berlin** becomes a battleground of poverty, debauchery, and political extremism as various paramilitary forces fight against each other in the streets. Yet the development of a secret arcane martial art known as the **Seelenfluss** and the weaponization of esoteric lethal fencing techniques may change the tip of German politics forever...

The focus on this arcane martial art and its wider effects on society is certainly something original, at least to me. Well done. I look forward to finding out how this affects global society - or at least the West - as well. Surely it would have wider impacts, no?
