That's what it said in Wikipedia. It's a form of metal with Viking/Norse imagery. In the article, it also states that song is kind of like a precursor.

Yeah I read that. Kinda big stretch if you ask me ☐  
And yes I know what viking metal is because I love that genre. The genre goes a bit beyond just viking/norse imagery, it has its own distinctive style.

Hurricanes - Slippin' and Slidin'

9th song on their 1974 album Roadrunner.

There'd just be some butthurt wiki editor who would undo my edit and give me a temporary ban for vandalism ☐
