"Les Suisse" is an accurate depiction of the re-established Swiss Confederation during the Napoleonic Era after the dissolution of the Helvetic Republic and the re-establishment of the Swiss Confederation by the Act of Mediation issued by Napoleon Bonaparte of the French Empire.

IC flag: Democratic republic

The Dominion of Upper Nan: a technologically-advanced technocratic, national-syndicalist state where the people are mostly left to their own devices and given generous benefits so long as they obey the (numerous) laws and don't get any clever ideas about challenging the State's authority or bringing back democracy.

Largely inspired by *Judge Dredd*, Plato's *Republic*, and the political philosophies of Juan Perón and (to a lesser extent) António de Oliveira Salazar.

Democratic republic with a militaristic streak

The Dominion of Upper Nan: a technologically-advanced technocratic, national-syndicalist state where the people are mostly left to their own devices and given generous benefits so long as they obey the (numerous) laws and don't get any clever ideas about challenging the State's authority or bringing back democracy.

Well, it's Jamaica, so parliamentary democracy under a constitutional monarchy?
