Destyntine is a utopian nation full of colossal skyscrapers and many opportunities.

We are the Union of Soviet Socialist Republics but in an alternate dimension. In our dimension, the Cold War is still going on and we've reformed our government similar to how China did, though we still kept the command economy.

NS-Stats are not officially used in RP, though I do tend to look after them just for fun.

Please know that my nation does NOT reflect my ideals, I am not a communist in real life, I just like history.
