"Why hello, I... hmm. I admit I do not know what to make of you, madam. For all intents and purposes you're a nazi... but you also hate nazis... this is difficult to parse. At the moment I am forced to default to a neutral stance, though it is important to note that any in-person meeting would be decidedly... not-neutral. Take that as you will." -[KazRamael](#)

"Why hello there! I say, you're something of a conundrum, dear sir. Compulsory vegetarianism? I should think you of all people would understand that we all come from the same source, so I cannot help but think that denying access to meat is a counterproductive measure. But then, I must not judge. I've no notion of how your nation handles such a thing in general, so I cannot make claims on the matter. I could however facilitate a middle road if you'd like. Just the other day I saw Kal writing up a report on mangoes that behave for all intents and purposes like beef! Ah, genetics. I never understood it, but it is DELICIOUS." -[KazRamael](#)

Is there any surprise in that? Of course not. His ability to shape shift? Also not surprising. My ex just so happens to be a shapeshifter, and I really enjoyed her submissiveness every day...and those were the days...anyways, to finish this off: this 'Kaz' can go rightly f*** himself, those super abilities of his, and that kitten especially."

"Huh, not even the affairs of human beings are immune from people making stupid choices. That 'Heimwehr' considers some sixteen year old girl, prancing around with her career in her homeland's military, to be a 'suitable heir'? What the **** were they on at the time? Looking at the nations of her world, that one called 'Nazi Germany' reminds me of Asgard in so, so many ways, I am compelled to hate her and those 'Nazis' (what the **** is a 'Nazi')? than it should since they share a similar tongue. And really, it's pointless to have a military record and being identified as a descendant of a defunct family when she gives an order to her soldiers to fire at their own people. She doesn't know it but she's already losing a battle even before she became 'Prince-Regent'."

Le Patron opens a dossier which simply had a bold phrase like "Women Power" written all over it. He skimmed read and already had his mind concluded since the moment he saw it. In an act of a refined violence and graceful emotional outburst, he threw daggers at the dossier and lit it on fire. The woman's photo turned grey and burned along with it. For he doesn't need a woman in his life but a manly homerotic comrade to carry him.

"I spit on Feminism. If only women understood that us men only long for the compassion and playful dick measuring contest between us homosexual comrades-in-arms. They toy with our feelings and the gal she had in subjecting us as submissive slaves! For man shall not become a *cuck* nor a *simp*. Ursa, you are the antithesis to everything I stand for.
