Teeth Of Lions Rule The Divine - *New Pants & Shirt*

**CVT Temp wrote:**

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

Choosing the lesser of two evils is still choosing evil.

A wise man accepts his own ignorance and defeat. Only a fool refuses to accept either.

Charles Mingus - Mode D – Trio and Group Dancers - Mode E – Single Solos and Group Dance - Mode F – Group and Solo Dance

19 minute medley of some really epic shit right here. Charles Mingus is hands down one of the greatest jazz musicians ever.
