It seems that while his upbringing had been rather shaky, some of its aspects appeared quite promising or at the very least, hopeful for a future king but alas, he turned out to become an alcoholic whom like I said before, is in dire need of a marriage counselling. However, speaking of which, judging by this information, he truly needs a full lifestyle-changing counselling, or even some particular therapy or whatnot"

"Empress Sera? I'd reckon I've heard that name around a few times in my travels around the multiverse. I didn't really think much of it until now, since Strein told me to state my opinion on her. Yeah, if I'm being honest, I don't see a lot wrong with her. If I actively cared about politics, I'd be in her same shoes. That and she's a dragon. Dragons are badass, I can respect that. Only thing I disagree with is the complete breakdown of social classes, but that's not too important to me. Honestly? I'd love to talk with her, maybe even spar. She seems a helluva lot more talented than most you meet around the multiverse. So yeah, positive."

-Mark Draksesa

BN: Do Mark or Strein.

What happens when you cross anime powers and overpowered leaders with furrries, all written by a bored Homestuck fan with too much time? Well, you get Rumei. A multiethnic, FT republic with both might and magic that let it conquer the entire Orion Arm.

A 7.6 (this is probably outdated but I can't do the calculations rn) (Tier 9, Level 6, Type 9) according to [this index](#).

Come to The Orion, we got [CULTURE](#) and [FURRIES](#)

Show Recommendation: Cobra Kai. It is very, very good.

IC Name: Roman Republic, or simply Rome (Rumei). Occasionally called the Ignisian Republic. Current year is 2697.

"I asked about this guy's sex life so many times in order to reference an awful but surprisingly amusing film from the early 2000s.

Anyways, I approve of his abolition of slavery, especially since humanity is one of the victims of the Ignisians. I don't get why he used the Eastern Roman empire as inspiration for his military system, but I guess the Eastern Romans took from the conquered too. His backstory is complicated as fuck though. Like he is apparently born on the planet of the Elder Scrolls, appeared in another version of Earth, and that is just the start. He also fought angels. Honestly, I always wanted to fight angels, so I'm a bit pissed that he stole the kill from the RCAS. I like his principles of free speech, though I do wonder what he means by free-market socialism. You mean mutualism? Or, like China? That would drastically change my opinion of him.

Honestly though, I want those Ignisians fuckers out of Earth or at least the white parts of it. He should also spread his godhood to his people instead of simply taking it for himself. In total, I just want the Ignisians out. He can do whatever he wants otherwise."

"I know little of his politics, or faith... but he seems to be a well educated man, even if he is from some land that seems to be from the northern barbarians. But that has been happening a lot these days. Regardless it is good to know that he has a loving wife, a marriage where two partners are happy is always a better outcome, for I have seen too many families married politically with little concern of the two to be. It is disheartening to hear that he had fallen to a great sadness, but it is good that he has been able to surpass it and come out of it a better man, sometimes we all become stricken by such low morale, and it can be oh so hard to overcome such a foe."

"Slaves make poor soldiers, low morale, usually poorly trained, uncertain loyalty. By securing numerous slaves and freeing them, I have further ensured I have soldiers who will praise me and not any potential usurper that may rise. Besides, there have been plenty of slave, mostly Gothic slaves whose parents avoided the slaughter that came during and after the Gothic wars. And I find the resulting rapes and murders, while understandable (not empathetic) given the dark times, I find the practice of slavery in general a deterrent, perhaps one day we can see the practice die entirely, slaves have brought Rome nothing but misery. My worries are that on the other hand, we may see the rise of serfdom as seen in the barbarian kingdoms."

Queen: He merely insinuated it.

King: Still, if the only argument he has against me involves ad hominem, I will easily take him in a debate. I doubt he knows where we are located, geographically--

Queen: Because we never *tell* anyone!

King: **JUST NORTHEAST OF NEW ZEALAND, EVERYONE! THAT TINY DOT! RIGHT THERE!** Anyway, I bet he is a strong and effective leader who would be interesting to meet. Now, as a ruler of a kingdom, all this drinking will negatively impact his reputation in both within his own kingdom and foreign relations. He is lucky to have Queen Marie to cover for him when he is drunk, but i hope for his sake that she has the endurance to keep it up... I hope Alastair will reconsider his drinking habits, lest things get worse for him in the long term..."

Godulans yes, An'kaz not so much. Sarathress tends to prefer extremely intense flavors, and actually has difficulty even sensing certain subtle nuances of such. For instance, she prefers tea that is saturated with sweetener to the point that humans would find it unpalatable. There's a LOT of information on Sarathress' species that I've got locked up in my head 🤪
