Al Namrood - Junood Al Amjaad

Album: Estorat Taghoot

Genre: Black Metal, Folk Metal, and Arabic Folk Music

Year: 2010

I feel like these guys get progressively less interesting the more I go backwards in their discography (Literally am taking it backwards) I guess each vocalist they get got more interesting as well, plus more musically interesting (To me). Because apparently on like, every album they got a new vocalist.

I love when metal is blended with ANY kind of folk music. Turisas and Arkona being examples.

I mean Black metal's not really my thing because of the vocals, but I'm good with this.
