He also learns the memories of other men and brings all other men back from the dead. He finds Meiko, Miku, and Man 1 and all of them team up.

Man mind update: All men hate tea because of their past experiences with it.

Man gets beaten violently in the street and chased out of the province for saying one English word.

Professional woman (she/they). Anti-raiding. I do use NS stats (for the most part). I don't actually think an incredibly oppressive economy-focused dictatorship is a good government whatsoever, I just made my country one for fun.
