### Cannibal Corpse - Hammer Smashed Face

I support peace in Israel and Palestine. The governments and people in power on all sides are an absolute disgrace, and their unwillingness to pursue peace is a disservice to the people they are meant to be serving. The status quo is not simply untenable; it is unquestionably unacceptable.

everyone knows that quote, "I know not what weapons World War Three will be fought, but World War Four will be fought with sticks and stones," but in a way it's optimistic and inspiring because it suggests that even after destroying civilization and returning to the stone age we'll still be sufficiently globalized and bellicose to have another world war right then and there

In other words — and this is the rock solid principle on which the whole of the Corporation's Galaxy-wide success is founded — their fundamental design flaws are completely hidden by their superficial design flaws.
