It will be counted as murder. But because one of our recent legislation says that people can keep out of jail by just paying cash. But your question's answer is he will be executed or be put on life imprisonment.

Depending on how much was destroyed and in what manner, the punishments could range from a hefty fine to a public flogging. We actually shy away from prison sentencing, preferring corporeal punishments instead.

Heresy against official state doctrine.

Tired of having to say this: The Kingdom of Voidstania is not a kingdom. It is a communist dictatorship with a weak democratic senate under the guise of a monarchy. Normal country stuff.

Also, NS stats and policies are not canon (Because I have a tendency to click the wrong options and give myself dumb policies)
