Monkey 3662 was tasked with removing Monkey 3664's corpse from the top of the Burj Khalifa. He accidentally impaled himself.

While rocking out in a Dinosaurchestra, Monkey 3659 shook his Magic 8-ball and it said:

"As a powerful and complex computer of near omniscience, I can report with total confidence, after a careful .3 seconds calculating a whole world of probability and statistics, that yes, we are all gonna die."

Monkey 3658, aka Burj the Impaler, was sentenced to death after being found guilty for the murders of Monkeys 3676, 3665, 3664, 3662, and 3661. Monkey 3658 also happened to be the anthropomorphized conscience of the Burj Khalifa.

Don't use NS stats except for changes in economics, political freedoms, or civil rights which may eventually make their way into written canon if I get tired of worldbuilding.

Monkey 3655 got annoyed at the neighbours playing loud music. He tried to cut the power supply (to stop the speakers) with a pair of metal safety scissors. He was electrocuted.

(And the speakers were battery powered and kept playing!)
