I would much rather forget that era. We had a lot of outspoken and annoying posters then. More than we have now.

I WAS NOT TALKING ABOUT THAT CAT SPAMMER I was talking about Katzenstaat, who had this weird obsession with cats governing instead of humans and after they got permabanned they made an anti-NS forum that they constantly kept spamming links to over and over via puppet accounts.

It was honestly kind of hilarious too because I checked their forum once and they were seriously treating their 'raids' like they were weakening the will of the moderators and soon they'd all give up and stop trying to enforce the rules and we'd all have a glorious wonderland on this site free from those corrupt moderators and their rules.

Because that's totally how it works, right? Some dipshit spamming the forums was going to cause so much distress to the mod team that they'd either all resign or just stop using their accounts and there'd be no more rules or people to enforce the rules

They also vandalized the NationStates Wiki on Wikia/Fandom/Whatever they call themselves this year and basically edited every goddamn nation article to say that whatever nation the article was on had been annexed by Katzenstaat.

And then they briefly snuck back on at the end of 2020 as Nekostan-e Gharbi (some of y'all will probably remember them) and after that account got deleted after like a month or so just began spamming the site with puppets over and over again.

IIRC they eventually became the porn/gore spammer who is the reason why new accounts have to wait a bit before they can post images too?

I might be misremembering things, but I'm pretty sure Nekostan had a lot more *yikes* things about him than just his obsession with walking cats lol.

All this talk about Katzenstaat reminded me of another user way back. The guy called himself [Porteciel](#) and the only thing I remembered about him is that he goes on and on about how his people, the Walloon, are oppressed and to give you a candid description of these guys: effeminate and homosexual fantasy-based Belgian hermaphrodites.

Yeah so anyways since this is actually relevant to the topic fuckin *Hataria* showed up today on the NationStates subreddit.

It's been nine years since that dude got permabanned from here and he *still* thinks that he was permabanned for no reason other than 'the NS mods and admins are cruel cyberbullies' and they'll send out their army of trolls to try and silence him and ruin his reputation whenever he tries to spread the 'truth' of how NS is just a haven for cyberbullying and trolling.

Dude seriously accused *me* of being one of those mean cyberbullying NationStates mods after I explained to another user why they shouldn't feel sorry for Hataria's situation.

The guy is in his mid-30s and he's been harboring this grudge against the 'cyberbullies' of NationStates for almost a goddamn decade.

"Touch grass" is a bit old and uninspired as an insult, but it honestly applies to these people. Do they have nothing better to do? Are they really that tragic?

Anyone remember this user called Palcania? Not sure if the user was also mainly on F7 but they were certainly prevalent on the Regional Message Boards, if said user is not remembered or isn't prevalent on F7 I've another one:

People who ninja AN by replying to another post several pages prior the current one/the first page

WAIT, turns out there was a discussion about summerposters and effort posts I missed, imma throw my hat in the ring, usually I don't expect 14 page long response but like, I expect BN to at least read my factbooks and justify why they think a certain way (and in a nice, proper manner)

At least the guy who said my nation in rl would be a corrupt society with Asian despotism added more effort to their comment than most of the comments I've come across (which is many because apparently I'm like a goddamn magnet for these whenever I reply on opinion orientated threads)

Other way around. Empathy is knowing how someone else feels, and it's meant to be universal. Sympathy means agreeing with how that person feels, which is certainly not universal.

So the problem is when you sympathize, not merely empathize.

That's pretty sad. Does anybody remember this one user? All I remember was that she was a hardcore Neopets payer (her account was Eon337) and she joined in the early days of NS. I was never around to experience her, but I heard she passed away in 2017 due to suicide. On her Deviantart of the same name, she had a disturbing picture called "Cut". Even though 9 years is a good amount of time to recover from mental illness, I have actual evidence she is dead.

(If I ever go down in NS history, I would probably known as the Furbomination Creator because my characters are created on this website

<https://thisfursonadoesnotexist.com/> and usually they look somewhat nice, but some like #84581, #13593, and #73558 are horrifying tbh). There's a post about some of the less terrifying abominations here
