Great band.

Discipline (Manchester), Throbbing Gristle.

this is weird.

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.

Oh, and an interesting band from Scotland called Finding Albert. Bad name, though the music is better than the name. It reminds me somewhat of Muse.
The best one I've heard from FA, is called Back to Rome.
Also, I've downloaded various songs from the Game of Thrones and put them on my phone. This also includes fanmade versions of the theme.

Speaking of [Game of Thrones themes](#), here's a double nerd version of the Game of Thrones theme.

Also, if we talked about music for a while, I might be able to find you a bunch of other music you might like.

I personally hate that song, and it getting stuck in my head annoyingly easy being one of the reasons I hate it (and not liking the song, but the mix...). Oh well.
