Godulan Puppet #2, RPing as technologically advanced tribal society founded by mongols and vikings (and later with multiple other Asian and Native American cultures) motivated by an intrinsic devotion to the spirit of competition. They'll walk softly, talk softly, and make soothing noises as they stab you in the back and take your stuff... unless you're another Caleshan, whereupon they'll only stab you in the back *figuratively*!

"There is... not quite alot of information present on Mr. Hawkeye. He does seem to be in quite magnificent shape, and fully willing to do the responsibility of ruling his government, thanks to some... questionable traditions in enforcing one's best political efforts. I mean, you can simply just impeach and force a bad leader out of office. Do you really have to throw him off a building? But other than that, I can appreciate his more diplomatic approach to things. Though Lowblood uses more modernized tools we still name our equipment as bows and swords, it's a little fun fact.

But back to the topic, I was overjoyed to find that Baldassar was a man who participates in duels, even taming life in some cases. I am to outlandish to challenge someone with such class, but if I did, it would be interesting"-Luden

What a peculiar policy. Moving on, Valentijn seems to be taking all these physical transformations far better than I would. His size changed more than once, his abilities have temporarily changed, his physical sex changed... I'm not sure how to feel about him being called 'the man in a woman's armor.' I realize the meaning—he is now wearing armor for a woman's body to accommodate his present shape. I may have a 'man's body,' but I still identify 100% girl."

Val, the multiverse is not a peaceful place. I know how you got your form, why most cant get close to you without getting a fair bit of a headache, or worse. Not all think that they should sit idle while a nation is turning for the worse. If I decided to declare war on a nation that Lowblood was alright with I would be put down and taken out by my own people.

You must understand that change does not come with peace, you've been in war, you know of all the negativity that stirs.

Understand that you can't always have the perfect world you try and create. With all this being said, you might think I don't like you. But truth be told I think you're style is insane, but you hold high respect for such insanity. I hope our timelords get along well and I look forward to our next interaction." - Luden

But with that being said I don't look down on her. (If she is alright with this pronoun) I think shes interesting, why hide such facts about your gender orientation from the people, it may inspire those like you and I believe it is best to stand with the people rather than hide away... But that is my beliefs, my view on you is fine, I have no reason to dislike you." -Luden
