The formerly wartorn nation keeps a facade of normalcy and order while enjoying the societal and cultural decadence that marks the new Roaring Twenties. The paranoid authoritarian government tries its best to uphold order in the face of uncertainty, while its people want nothing more than a breathing space. "Kazimir has always been such a dear friend of mine. However, I have realized that my friendship with you has clouded my judgement and unfortunately, I need to let my concerns be heard. Trust me, it's better for my health that I don't bottle up my thoughts and emotions about other people.

I've always been rather disappointed with your rather heavy handed approach when it comes to dealing with issues, which is how most autocrats deal with national issues and I have to be honest with you, cruelty does not make one strong. I certainly understand that you're a step up from the feudal lords that once ruled over your land.

Still, I don't know why I find you charming. Maybe you're a well-meaning man at the end of the day. Maybe your public relations officer needs a raise. Maybe I'm just a sucker for men in suits!

Also, if you're wondering why I'm being such a critic, don't you worry your head! These thoughts just come into my head sometimes. It's not like I have another voice in my head. That'd just be ridiculous. I'm your friend and friends shouldn't be afraid to share their concerns about one another!" - Ambrosia

Anyway, this Emperor doesn't seem too bad. In some ways at least. Statism, technocracy, cultural unity, and genetic modification are all commercial things. I'm not that much of a zealot myself - which might be a bit funny given my position and how I took it - so I don't feel as strongly about his position on fanaticism and ultranationalism as the rest of the Inner Circle might, but I still don't like it. She Might Be A Dragon astral projects to where Chancellor John Mercer's country is located in, doing a quick surveillance around the republic to get a feel of it's vibes.

She Might Be A Dragon then returns and projects herself to where Chancellor John Mercer is at the current time--her etheric image that of a medium-sized, white dragon. There is no sound, but a message from what sounds like an older female floats into his head:

"The 3rd dimension is a place of duality. There are places on this planet Earth, just for people like you. I do not like your policies, but I appreciate the unique flavor you add to our world. It would not be the same without you."

The dragon disappears into a wisp of silvery-white smoke, as if it was never there at all.

Opinion on Whatever the Hell That was

*Honestly, the leaders there have a bit too much secrecy, and that is coming from someone, who is using a codename. Some focus on welfare, some on other politics, but overall, I couldn't gather much info about the current leader. If someone didn't know, then I don't give a rat's ass about the old leaders - I want to know, what the new leader believes in. And huh, elections being sham? Where else have I seen it? That's right - in those fascist party's elections! If they are as democratic as they make themselves to be, then at least make the elections not sham. I could perhaps think of a few slurs against Xenos if I wanted, but I am not from that field, as I don't tolerate racist and xenophobic crap within UDU, as we all ultimately are children of the same ancestor, and children of the Lord, even through I am an atheist. One should pray for safety for all the good creatures, even those alien to their planet.*

Imagine waiting hours for a reply that is lacking so much substance and is frankly not worth the wait. A crappy reply.

Thanks, I lost the motivation to do more posts tonight, or ever...

"HAMILTON?! THAT HAMILTON?! IF I SEE THAT DAMNABLE BASTARD ALIVE, I'LL FINISH BURR'S JOB AND ANNIHILATE THAT FUCKER FROM EXIST-

Oh, it's someone else. Sorry! Well, you sure do have a magnificent mustache, but it is hardly as elegant as mine. Seriously, we can be beard-buddies or something.

For your history...What is this nonsense? Sweden invading Britain? The people of the British isles accepting Swedish occupation? Seriously? This is the same Britain that fought in the Resource Wars? Jesus, some timelines can be world. Next, you'll be telling me that Britain would just let Pakistanis and full-blown African negros invade London or something. Honestly, it sounds like a complete joke. If it is, then hell I'm laughing. You are funny. Too bad you're monarchist scum. Or, are you? Regardless, you're even more authoritarian than the real Hamilton and thus deserve to be shot in a duel. Hell, let's d-d-d-d-duel!

Anyways, like the signature too. Honestly, I was thinking about creating something frog related for the Internet I invented. And, I guess your way of managing the economy works, though I rather the workers have TOTAL CONTROL, AHAHAHAH! COMPLETE AND TOTAL CONTROL! NO LIMITS!

A-Ahem, and centralization is for Hamiltonian n-----s. In total, get out of politics so that your only redeeming quality can be appreciated. Hehe...

WAIT, YOU TURN BRITAIN INTO A SALT MINE?! I mean, I hate the British, but I think balkanizing the nation would've been better. Not turning it into a salt-mine. This has to be joke, or a glitch in my virtual reality simulations."

- [Casey F. Pickett](#)

"The hell? He looks like a crossbreed between an Jap and a white. Well, I guess Japs didn't nuke America, and he isn't from MY timeline. So, I'll tolerate his existence. Not like I have choice. He's a GOD. And, he did it without using tricks like I did. Hmph, now I'm jealous. Why can't I have the powers he has? I only have those in virtual reality. It's not fair! I want to travel back in time and save America from the bombs. I-It just makes me want to-  
CCCCCCCCRRRRRRYYYYYYYYYYY!"

-Five minutes of sobbing later-

"O-Okay, I can assess this guy rationally. Uhm...He's a bit of a moralist buzzkill and a monarchist. The guy probably would invade me for being an evil racist or something. I guess that would be the end for me. The bitter, bitter end...

No! That means I should help the RCAS grow stronger! If I do nothing, then nothing will ever change!

The British tried to crush America in its infancy, and they failed. No good American citizen will bow to a king! Even to a 'benevolent' one! Give me liberty or give me death!"

**Republic of Confederate American States and Syndicates**

No, it is not the Confederate States of America. No, it's not the South either. SU stands for 'States and Unions'. The right acronym is RCAS. Please read the Factbook.

Responding to VZ because come fucking on. (Hopefully this is of better quality than Marquisal's.)

"The Giant Woman is certainly a sight to behold. I will not mince words, her life is a sad tale and her background one I would not wish even on my worst enemy, but her ability to return from tragedy and make a new life is certainly admirable. I remain curious about whether she was always this tall, even before coming to Herr Valentijn's world"

- Reichskanzler Richard Lagenmauer

AN: "The Captain-General confuses me. I mean, his views are no as incompatible as one might hope -his ethnic supremacist behavior most likely has the same root as his love for community and hope for human progress- but he is... anachronistic at best. And I don't think I can exactly think nice of a person who considers himself an enemy to the institution of monarchy in the first place. Also, shouldn't that be Commonwealth Institute of Technology?"

"This chancellor, oh, goodness, is so ambitious with his plans to pushing his ambitions in his own agendas I find it laughable as it is so amusing. But, as everyone is aware, his declarations of progress are empty in speech and action; instead of adopting actual and realistic approaches, he chooses fantasy. A man who declares promises of peace and security; progress and tolerance, is a man not to be trusted and relied on, and this chancellor is a prime example."

"Tch...I'm sweating in the middle of December...I'll have to take the second jacket off..."
