## Threadjacking

### Etymology

Blend of *thread* + *hijacking*

### Noun

**Threadjacking** (plural threadjackings)

The act of taking over an e-mail list or discussion thread with a subject unrelated to the original posting.

Source: [Wiktionary](#)

Alright, but in all seriousness I think I know the general direction in which Zeloria is getting at (though my interpretation is probably incorecc). Where and when does threadjacking happen in usual cases? And what are some recent examples?

Yeah I feel you. Sometimes NSG is just an irredeemable shithole of hatred and toxicity. And sometimes, it's an irredeemable shithole of hatred and toxicity that's funny occasionally.

At the end of the day, it's a hellscape that deserves banishment. Furthermore, I submit that NSG should be destroyed.

Yes, the seed of corruption has tainted it and it must be purged for the sanity of humanity.
