10 to 20 years in prison.

There are generally no major prohibitions on fishing in Merulla, it is only usually prohibited during the reproduction and birth period to prevent fish populations from drastically decreasing in the nation. Therefore, violating this temporary ban is punished extremely severely.

You wouldn't be able to enter (a football stadium at least), if you somehow manage to do it then expect your material to be taken & fines up to 100 000 feihoas to be given to you (avg. income: ~44 000).

Trying to invade, even surreptitiously, a military base is a bad idea. If you are not perceived as an immediate threat and shot down immediately, you would have to spend a good few weeks in a military prison explaining to these military, what you were trying to do and then be arrested by the civilian judicial system, where you would probably be imprisoned for no less than 50 years.

Not a crime in Sky Reaver Commonwealth.

A guy, let's name him Sheldon, has a large collection of flags, sicne he is obsessed with them. His roommate sometimes secretly steals his flags and uses them as rag to wipe floors or remove dirt. He returns them back every time.

Assuming that Sheldon's roommate doesn't clean the flags, that's a maximum \$15 dollar CSD fine. Otherwise, Sheldon's roommate can keep on doing so.

That depends on whether you knew there was cocaine in the ice cream.

If you knew and voluntarily consumed it, 4 to 6 years in prison for consumption of an illicit substance.

If you didn't know and were deceived, nothing happens to you, but the person who sold you has their sentence (for drug trade and trafficking) aggravated.

Producing and selling food mixed with illegal substances, such as illicit drugs.

The Commonwealth of Narland does not recognize special privileges to classes of people, especially privilege that amount to a sense of "lèse-majesté." All crimes that are crimes are hatred against someone's life, liberty, or property in violation of that person's dignity as a fellow human being, i.e., someone hated someone else enough to perpetrate a crime against them. Crime with malice aforethought usually generates the maximal sentence for whatever crime is committed.

Depends. If the property has not been used in over 2 decades then a negotiation between the 2 parties is in order. If the squatter is in used property then yeah it's illegal and would probably result in a fine varying between a few hundred dollars and a few thousand (Edit, ninjad),

Assault of a minor would result in a minimum of 5 years in jail and will increase depending on the severity and whether or not the assault was sexual in nature.
