Comus - The Bite

In other words — and this is the rock solid principle on which the whole of the Corporation's Galaxy-wide success is founded — their fundamental design flaws are completely hidden by their superficial design flaws.

great band great album great song

Fog Cutter, Haarp.

has more kick than most sludge

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.

Blood Witch, Melvins.

This is going to be a good album.

I love how people walk round with crucifixes, skullcaps, pointy hats, funny beards and then say "you should keep your atheism to yourself."

Do you not grasp the difference between belief and absence of it? It's like running around with clothes that say "I don't play golf". It's, you know, great that you don't, but the fact you don't shouldn't be something you pride yourself on or feel the need to express.

You've Never Been Right, Melvins.
