I am from Canada | [I'm some kind of Socialist](#) | And also Batman  
"Never be deceived that the rich will permit you to vote away their wealth." -  
Lucy Parsons  
[Socialism](#) is an economic system characterised by social ownership of the  
means of production and co-operative management of the economy. "Social  
ownership" may refer to cooperative enterprises, common ownership, state  
ownership, citizen ownership of equity, or any combination of these. There are  
many varieties of socialism and there is no single definition encapsulating all of  
them. They differ in the type of social ownership they advocate, the degree to  
which they rely on markets or planning, how management is to be organised  
within productive institutions, and the role of the state in constructing socialism.
