Ignoring what I accidentally read in the other thread, the first thing that I thought of was a North African Muslim state, since the star symbol is kind of similar to what I've seen being used there.

Factbooks and dispatches (which are works in progress) are the primary source of information for my nation. I try to have my stats match my idea of my nation but I think policies are the stat I can control the most.

I don't dislike anyone here. Agree or disagree, we're all compadres. :-)
