"Too bad, that he decided to turn Rapture and Aquarians into a social darwinist bunch, who run around and enslave everyone they see. Not the best PR promotion move... Valentinians are pissed off, and we all know, that it's pretty hard to piss them off, besides, his treatment of Lowians is... cruel, so no, Skyhooked won't turn into this, no matter how hard he would ever try. Still, a deal or two between some dealers of Skyhooked and businessmen of Rapture won't hurt... as long as they don't engage in human trafficking. Perhaps, we might win some Aquarian hearts and remind them, that compassion and mutual aid are things, that make us actually stronger.

Besides, he is attackin' someone, who is a thorn in my ass, and that's pretty nice. Gotta admit, I'll support Mercer over that immature and murderous brat of Aterian Empire anytime. At very least, Mercer dude is competent. And more reasonable." -Shawn Bjornson

'Charles Jericho' to the point that his comatose mind has made a completely alternate reality where he survived his horrible car crash, has a supernatural power, and is hot on Jericho's tail. I'd recommend that as soon as he wakes up; if he ever does, he should be treated immediately on the nearest mental health center, for I don't think such obsession is healthy, and the representation of Jericho in his mind could be the very incarnation of death"

I concur with Mario being an unjustly overthrown from his rightful position as the President of Stanier. And this agreement can be considered official and Mario will have the backing of the Rapture Government if he truly desires to return his beloved fatherland and remove the regime that deposed his rule that was saving the country from the forces of corruption and decadence. But nevertheless, I have been informed that an international incident occurred with an American Clinic yet fortunately, my colleagues shot it down before a buffoon threaten military action against a place for healing the sick and unsound of mind. This buffoon has been deposed of, humanely and is awaiting trial in Florida. I last heard the judge is considering the electric chair and no, I'm not behind this, not at all. Now where we? Oh yes. My overall assessment is widely positive on Dr. Mario.

### Rapture City

- In the underwater city, two roles have emerged from the City's ongoing civil war: the **City Monitors** who defend the peace and the **Red Caps** who fight against unjust systems. The city's infrastructure is crumbling under its own weight and kinship is snuffed by the paranoia of totalitarianism. Yet the people would be in for a surprise as their virtual overlord have died many years ago as the oppression continues under his name...
- Not an 1-1 exact replica of **Bioshock** lore and **Rapture City**. Only the city's atmosphere and setting is maintained.

"Mr John Mercer, the Chancellor of The Rapture Republic I have heard about recently in the news headlines, with their recent declaration of war, which to me, seems justified. John Mercer seems to be one of the few amounts of justifiable politicians on the planet. There are not many of them. The majority are corrupt, unintelligent, reluctant or ignorant. Yet, he seems, not too bad, if you are to ask me. The Rapture Republic, have our backing. I hope they understand this. Either way, I am glad to see you and your partner again! The world needs someone as determined as you, and you seem to be doing rather well with all the driving and moving between bodies and drivers. I mean, who else is going to believe a person who keeps telling people that he got possessed by the mind of an undercover cop? I think not! And that's the best thing that can happen to an undercover cop! Anyway, positive! See you around, and if you need any help... call me!

Channel: 1 out of 2

**Announcer:**  
Standby for transmission from the Ultiamte Supreme Leader's Office:

“  
”Hey, Gwen. It must suck not being able to prevent a nuclear disaster and not being able to get home. However, to be fair on Valentijn, I'd probably think you were a spy or just plain crazy if you told me that the world was going to be nuked. I mean, everyone was

focusing on conventional warfare at the time. But at least you got to be great friends with Valentijn and co. Aye, I wish I could go on those adventures up there with you, instead of sitting here starving in this broken down place. Anyways, you know I think positively of you guys, despite our clear differences. It's probably your cheerful tone and happy demeanour that gets me. Well, I'd better go. I blew half the State's budget affording this broadcast. See ya."

Hello property, I mean Regional Governor, Supreme Leader Kukicha Oma of the Socialist Communist States, also, known as Mining Colony T-225. You have done well in keeping your masters happy and supplying me with your workers that fail to meet quotas. I appreciate your unyielding compliance with the Rapture Government. I shall put in a recommendation to increase your income based on the money that is made from your workers. You soon

shall be as well. The Chancellor himself or perhaps not, there is a limit on how widely an individual can be to not surpass the Supreme Chancellor and his family. Not none of that stuff. I care little for economics and I'll come here to complement your donations to the Ministry of Science and Technology. And with that said. My overall assessment is highly positive.

#### Rapture City

- In the underwater city, two roles have emerged from the City's ongoing civil war: the **City Monitors** who defend the peace and the **Red Caps** who fight against unjust systems. The city's infrastructure is crumbling under its own weight and kinship is snuffed by the paranoia of totalitarianism. Yet the people would be in for a surprise as their virtual overlord have died many years ago as the oppression continues under his name...
- Not an 1-1 exact replica of **Bioshock** lore and **Rapture City**. Only the city's atmosphere and setting is maintained.

"I do have to wonder how all these lesser officials keep getting a hold of their leader's communications apparatus. In any event, this fellow strikes me as... oh, what word should I use... adorable? Yes, I believe that word is most adequate to the circumstances. There is something to be said for a fellow who holds the secret of immortality in the palm of his hand and decides that their august leader should also benefit from it... and by his own free will, too! For better or for worse, he's certainly scribbled his boss' name on history." - Kal'Shazzar

OFFICE OF THE PREMIER

Regarding High Executor Kal'Shazzar.

For a man so hellbent on finding the 'primal essence of beauty', he could start with his dress.

When I want to capture my so-called 'primal essence of beauty', I don a formal uniform. Kal'Shazzar instead commits war crimes.

I've always been repulsed by foreigners and their societal ways, but none repulse me more than the

foundations for which the High Executor built and moulded his rule upon. Those who lobotomized him should've hjust killed him

"What he could have become was destroyed by his pitiful, plebeian-loving father, and has created a useless populist! The democratic system that elected him is a chicanery, mob rule and nothing more! That he criminalized monetary support for rulers by corporate entities flies in the face of the laissez-faire he claims to support! This man is a fraudulent con artist and rabble rouser, fit only for the gallows with the rabble he has thus roused! The only thing I agree with is his supposed hatred for socialism, but I have reason to suspect that too is a lie, especially with his so called 'anti-corruption act'! Admit it! I would have my frumentari arrest this man, to torture him in the dungeon until he admits his true communist sympathies! We do have ways of making people talk, and when we are done you shall be made to beg for the sweet release of death!"

- His Glorious Excellency, Galerius Illustris Augustus Severus Lupus Cornibus Maximinius Julianus Magnus Purpureus Celsus Lucius Attius Mancinus III, by the will of the gods, Holy Emperor of Caligolus of the Most Honorable and Distinguished House Illustris, King and Consul of Gurstom, of Echahar, of Chuegularia, of the Free State of Lobolen, of Bunovania, of Akandi, of Ashenfall, of the Free State of Kamgestran, of Denema, of Ghostring, of Upper and Lower Haddenhelm, of Tobalenhi, of the Holy and Imperial Sovereign Free State of Greater and Lesser Trendarenhalspen, Archconsul of Caligolus, Overlord of the Northern Spire, Sovereign Ruler of the Greater Imperial Territories, Magister of the Free City of Cebelin, Magister of the Honorable Order of the Golden Eye, Magister of the Exalted and Regal Order of the House of Kings, Magister of the Distinguished Order of the House of Majesty, Conqueror of all the Land, Sea, and Sky, Master of The Ten Thousand Winds, Lord-Regent of all the Elements and Spirits, Protector of the World, the celebrated ruler of the land, who is crowned and rules by the glory of the Imperial gods, whose eye may see ten million things, and whose very decree forces the Sun to rise and set in acknowledgement of his divinely ordained rule.

Yes our leader has a long title. *No*, that is not a self-appointed title, nor by choice. It is of political significance; excluding even *one* part of the title could lead to revolts.

"If the filthy plebeians have any issues, they are traitors! Traitors to be arrested, tortured, and executed for daring to speak out against their rightful rulers! Science supports the rule of monarchs, we have better blood than the plebeians, it's called eugenics! It isn't like the stupid, filthy plebeians could ever possibly revolt anyways, they are uneducated ignoramuses, starving, and without money. What are they going to do, shout angrily at the mighty armies of the Holy Empire, and then keel over and die of cholera? They are weak and pathetic, and exist only to support the regime laid out by my ancestor, the great god Illustris Rex, unifier of Caligolus and founder of the Holy Empire! It is by the will of gods that monarchs, aristocrats, and the wealthy rule over the poor. Besides, if they really had issues with it, they should just work harder so at to not be poor. They chose to be poor. Slaves chose to be slaves, by having outstanding debts. And the helots, they're subhuman monsters, at least as helots they are doing something useful for good, civilized people. To even think any of the species kept as helots are people is laughable! What, do you think that stupid apes are people as well?"

"Yet another one of these youthful, impressionable politicians with honest-to-goodness intentions for their rather pathetic country. Yah...Yahey...Yahyaya...however one pronounce his goddamned gibberish surname, he is just a derivative of most politicians who believe in good things; politicians who act all pragmatic; politicians who are unable to make compromise; and politicians who are, quote, popular with everyone especially their enemies, unquote. I personally doubt his treaties and the accords he struck with two other nations of lesser renown can guarantee him in a place under the sun, let alone, his relatively weak and unimtimidating military can guarantee his nation's place; indeed I am doubtful that such an army like his can really be effective enough to withstand a more powerful nation with an even greater military."
