At the end of it, we will just have to accept that as always, F7 is meant for fun and chill games, with effort-posting as an add-on / DLC. 🤔

Admittedly, sometimes I just want to chill and could not type up a huge post; time is also something I don't have as much when I am working 9-6, on top of actual RPs I'm in.

Could have been much more fun in the 2010-2012 days with all the Rage Comics and fluff. It will be... something else entirely.

I never really saw you as one tbh. Hell, I still remember the time I made one post in one of your RPs and it being the most fun I had on NS I had in a long while.

It was only one post, but still.

Now this is just changes my previous post and now I feel bad about it. Apologise. But this does bring a question to mind, why were you proud to be a low effort poster? Wouldn't make more sense for well everyone to be more proud of trying to improve themselves the best they can?

Well technically my nation was made in late summer, but I spent half a year just doing issues before I discovered the rest of the site exists

Oh this is another cliché, we tend to forget that the vast majority of nations just do issues and some WA or gameplay stuff, forum users are a very small minority of NS as a whole

Cliche: Being a part of a community for a long time, and making great tributes to that community that you came to love and appreciate over the years. Just to be rewarded by betray of trust from false accusations, and the brutal realization that people you thought who know you as a person. Doesn't at all. Now just left lost and alone back at the start to establish connections to try to restore what taken away from you.

I'm sorry that you are completely delusional to believe that I would ever do something questionable and completely immoral. I don't get why you are so intent in believing that illusion, when you have zero evidence aside from your twisted imagination. I've done nothing to earn this deep-seated hatred for something that is factually untrue.

I know that, you are correct. I apologize for the name-calling. I want to recover, I want to go back to fun and companionship that I experienced before this non-issue incident over a character I had commissioned for my lore.

Give it time, and it will help to stop talking for a while to not make things worse. Time will tell if wounds have healed, or if things need more amendments, etc.

I am speaking from personal experience here and there. It pays to cut some losses, make changes, and lay low. Then when time comes, just try to work it out.

i mean by all means that image isn't against the rules. there are lots of things on NS that aren't against the rules but still earn you the ire of certain communities -- i.e. summerposting. the owner of the server you were banned from made it very clear that if you did not remove the image he would ban you from the server. the fact that you are now surprised he did so in the face of your refusal is kind of funny in a sad way.

Ire over an image that you guys are putting things on it, that don't exist in reality. It is funny, I agree. I don't genuinely believe it's about the image. I believe the reason is that you folks have a loose yourselves to conceal your displeasure with me from past issues, not doing the mature thing and express those displeasures with me face to face. Instead you allowed it to build up til now to action upon it. I could very well be wrong. But it sure feels that way.

I don't hate you guys, I'm contributed too much to the community to be seen as a spiteful, hateful person. I'm just stuck with a strange conflicted feeling in my gut, that hurts worse than any other thing could.

First of all, I was asleep during the entire thing and only found out about it after the fact, so I can safely say that I was fully uninvolved.
Second: Because it shows a rather underage looking character in risque attire, which is bad taste all around. Like c'mon, it's not hard to understand how that grosses people out.
