I just do the nonexist. I guess you could simulate its effects by receding from society, but I'm not sure you could learn it per se.

Great minds think a like. Unless it doesn't.

Still the same annoyingly optimistic nihilist awaiting the fires that'll wash over the planet. I don't care what kind of fire: forest fires, nuclear fires, gender reveal party fires, I don't care. What matters is fire all over the earth. The end. Come over to this wonderful land of equality and the home of the Ark of Empty Promises. Patrolling the Invasion of Ukraine thread almost makes you wish for a Third World War.

THE PEOPLE □ ETERNAL

" We will not bow to your dictation. We are free. We bled to be free. Who are you to tell us what we may and may not do? **We stopped being your slaves an era ago.** "

South Reinkalistan is a massive, ecologically-diverse nation notable for its roving student militias and widespread hatred for the elderly. In the midst of a room-temperature cultural revolution that's lost its momentum, the Party carefully plans its next move. As the brittle bones of fragile empires begin to crack beneath their own weight, history's symphony reaches crescendo pitch. The future is all but certain.
