Some 1984 vibes there. Just one of the two enemy federations, not the Big Brother one.

8/10. Dunno, DPRK isn't exactly considered the good guys, so a futurist one isn't much better.

Dangit, double ninja'd

For AN, like a 2/10. Insects arent particularly evil in my opinion.

Arrow? heads and the shape of the flag makes it seem like a war flag.

They're actually carrots XD. Though this nation is warmongery, and the flag has origins as a warflag, so it's not too far off.

Probably...

nationalist- yes
callous disregard for human rights - yes
ideologically over the top - yes
likely to go on an invasion spree - YES
penchant for dynasties that double as crime syndicates - YES YES YES

Likely to develop a de facto self-sustaining aristocracy - yes
Likely to moderate its internal policies if and when said aristocracy has been established - no...
Likely to have a revolution - no
Likely to implode between rival factions - ahhh, there is the weak point!

Definitely evil then, but not invincibly so. 9/10
