In a world where the Spartacists won in 1919 and Trotsky achieved his world revolution, Russia's minority dumping ground in the Far East is undergoing an internal revolution. A philosophically-charged pocket dimension located at the crossroad between all worlds and times, governed by an archeo-futuristic corrupted body-without-organs. Home of liminal dimensions, eldritch abominations and absurdist wildlife, obnoxious preternatural stoners, and unusual cloud formations that mysteriously vanish those who stray too far from dirt paths.
