Divine Empire - *Shadow Of Violence*

**CVT Temp wrote:**

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

Disturbed - Indestructible

*I'll have you know  
That I've become  
Indestructible  
Determination that is incorruptible  
From the other side a terror to behold  
Annihilation will be unavoidable  
Every broken enemy will know  
That their opponent had to be invincible  
Take a last look around while you're alive  
I'm an indestructible  
Master of war*

Kayo Dot-Spirit Photography

Kind of a lack of variety on this compared to a lot of Kayo Dot, though it still has a pretty substantial change at times. Just not as much as like, their last album. And they have had albums before with not much change...

Happy Days - Happy Days

*As a memory  
Now all that is left  
Is entering this path  
Where my miserable life starts  
Just as I watch the colors fade away  
I begin to step towards this black void  
Where no light is found here*
