everyone knows that quote, "I know not what weapons World War Three will be fought, but World War Four will be fought with sticks and stones," but in a way it's optimistic and inspiring because it suggests that even after destroying civilization and returning to the stone age we'll still be sufficiently globalized and bellicose to have another world war right then and there

[Nightwish - Dark Chest of Wonders](#)

This is the first album I ever bought, back in 2004 when it came out. I used to think this was the best album ever but a lot has changed during the years. I used to love 9 out of 11 songs on this, now I only love 4 out of 11. This song is one of them.

Nightwish - Creek Mary's Blood

Indian (native american) speech in the ~~middle~~ end is interesting, song itself isn't all that interesting.

EDIT: I didn't remember that speech was so late. 7:00 from 8:29 is closer to the end than the middle.

Nightwish - Ghost Love Score

One of their best tracks and one of the best symphonic metal tracks overall.
