So a mysterious man from a mysterious land offers them a once in a lifetime deal, and they finally leave and follow him to claim their riches and glory

I bring good news from The North Pacific. A friend of mine was recently invited to a private discord chat with the elite card sellers of The North Pacific and other regions who spoke of cards that are now or will soon become high value to the elite. Some of these are expected to go out of production which would lead to a higher market value. People with this same collection are selling them for thousands of bank, but I will sell it to you fine people for only 122.28. The card collection is in my cards section on my nation page.
