"I don't really like communists either, though only of our particular kind because they're so violent, but this is taking it to a new level. Pinochet would have been proud of him. Oh, he's also racist (he imprisoned Asians because they carried the "Chinese virus"), homophobic to the extent of punishing all kinds of LGBT by death, and totalitarian on such a level that even the most authoritarian Senators would have trouble reaching.

Then I discovered the truly colossal scale of the massacres he committed. I nearly fainted when an archivist gave me pictures of said massacres. This makes even the most violent and brutal Cosmician communists look like an absolute saint by comparison! It's high time the communists in his country disposed of him." - **Kasren Vereyn**, Emperor of Greater Cosmicium

Well, I mean, he seems to disliked by his peers. I don't really blame them- as epic of a title like Head Senator is, he's a bit dweebish-looking, don't you think?

I am the Senate! See, just doesn't work here.

I also don't trust this old man. He seems a bit... *clairvoyant*. What else does he know? What secrets does he hide behind those four-eyes?

"A leader who treats his own country as a corporate entity? Well, so much for Chilean culture and identity when all of it is overridden by the works of an anarcho-capitalist Germanophile sitting comfortably in his ivory tower. But I seem to cannot overlook that little power move of his to have the Bolivians purchase a coast, help build their navy in a Good Samaritan facade, and then destroy it with a nuclear bomb along with the Bolivians there. Not to mention taking over Bolivia afterwards. Quite a crafty trick to pull off...for an amateur. I will keep a mental note to remind myself to craft a bomb for Pinochet with thrice the force of my other bomb detonated below the Great Hall of the People."

"An aged veteran who has done his part in service to his country, now living the remainder of his life doing his best to keep a long lasting peace as the elected leader of Marble City. This is one of the VERY rare occasions where democracy actually works as it was intended to. i just wish the other democracies were like this, honest and with real purpose. He has some good political views, such as pro healthcare, welfare, the disarmament of super weapons, followed by being anti warfare and wealth gaps. It would definitely be advisable to all who visit him for gym challenges to at least take a moment aside and listen to he has to share. i intend on doing the same, as even if i have lived for as long as i have, there is always something new for me to learn, even from those younger than me. as a fellow warrior, he has my respect, and i wish him a long and happy life continuing to do what he enjoys"

Leader - Saephyu Praerau Faenmytire

"Well hello there... okay, maybe that wasn't very formal \*clears throat\*... The history of Saephyu is most interesting, how she started off as a primal being and even meeting a complete polar opposite to work with for a while before falling out, eventually leading to her killing two beings of order, but in turn getting shattered. While she did not regain herself fully, it did give birth to the Ignasae, so that is something positive at least... despite the negative past, she has done the right thing by using it to better herself now, helping the very race her own lost power had created whenever they needed it, which she deserves much respect for doing so. I find it even more respectable that she is worshipped like a god, but refuses to take advantage of it. Though it is curious to see how she will take it once she has reclaimed her spear. Hopefully she will continue to do what she can for the Ignasae. Overall, a fairly positive opinion from me."

Do you remember that show, Digi-Digimon or something? Popped up in my mind. Don't know why.

I mean, what's there to say? She's essentially a divine being, a god among man - can you self-appoint the divine right of kings? Her other qualities are definitely, er, admirable, although I don't necessarily agree with her. Her reasoning is sound, and I respect her for that.
