Godulan Puppet #2, RPing as technologically advanced tribal society founded by mongols and vikings (and later with multiple other Asian and Native American cultures) motivated by an intrinsic devotion to the spirit of competition. They'll walk softly, talk softly, and make soothing noises as they stab you in the back and take your stuff... unless you're another Caleshan, whereupon they'll only stab you in the back *figuratively*!

Used NS stats: Population. That's it. Anything else not stated in the factbooks is not used.

Monkey 1141 wondered why humans humans suck, and then realized primates are but a speck of dust in the eyes of the cephalopds. With this information not wanting to be known, the monkey shot himself with a banana gun. (:oE

Monkey 1138's armpits were so smelly that the United Nations declared that him having such smelly armpits was a crime against monkeykind. He later died in a supermax prison in the middle of the Pacific Ocean somewhere.
