### The Imperial Realm of Lerithnia

An empire that came from a forgotten time, born from collapse, and risen through war

All NS Stats are canon.

Oh, and I guess you can make up anything else about this nation, like geography and such, based on your own imagination. I don't really plan on writing lore on this nation, at least for now.

Base (most of) your responses on NS stats since we don't have good factbooks yet. However, we do have an overview, a religious factbook (Vrarism) and a faction factbook, so be sure to read them.

I'm starting to get sick of you people calling me names, like really now, "The Chain Breaker", do I truly deserve that title? let it be known that I demand to be respected.
