The Athenian Sea League is set in a low fantasy world where all the legends and myths from greek mythology are true. And in it's current form the Sea League is a collection of city-states, oligarchies and petty kingdoms led by a triumvirate of it's three most prominent member states: mighty Athens led and represented by

it's Archon Eponymos Pericles, "Father of democracy", brave Macedon led by Perdiccas III "the Wise" and represented by a court official by the name Pausanias and fearless Crete which in itself is a union of Cretes two most powerful nations, Pefki and Messara which each having to share one representative, said representative being Podarkes.

8/10. The sheer absurdity of that flag gives it an uncanny, Red Flood-esque vibe.

Official translation of our motto: For the future!

Here is the 'principality of progress', ruled by Prince Liucijus I, who has implemented a series of reforms ever since his coronation in order to modernize the country. As he glances out of that fine palace in the capital city of Sedvariija, he wonders what's next, as time keeps accelerating forward.
