### TNT-CaptainSparklez

MT <Compatible with FanT if needed>: The Shattered Enclave [INACTIVE]

FT: Aperture Industries

*"The Shattered Enclave is technically a failed nation, but through all odds, they have survived as a million-headed hydra, all ready to simultaneously attack each other as their enemies. Wildly different factions, each with cultures that simply could not have developed within a hundred years, kept in a temporum of chaos...one wonders if more unexplained powers were involved in the creation of this monstrosity..."*

**WE ARE THE COLOR RED IN A WORLD FULL OF BLACK AND WHITE.....**

t!;dr: Not a country or a nation. More like an entire world divided into a trillion pieces. Near impossible to invade. FanT/FT origins, MT/PMT technology.

### A Horse Called Golgotha, Baroness

The lyrics appear to be HURGHUUUUUUUUUGH HUGHHGUUUU

But I love it.

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.

Track 1 from the soundtrack of the motion picture "Kontroll". A weird but nice mixture of electronic, industrial and ethno.
