Today's motto: "As worldbuilders it is our duty to create lovable, beautiful and intriguing worlds, cultures, and species then do horrible, evil, tyrannical wars, genocides and atrocities to them."

Alright neat, but what if I just want to do that to just one masked webslinging wall crawler instead?

Damn, emerging out of the rubble of a former large empire, hoping to find your fortunes and hopefully one day become just as much of a corrupt dump as they were?

I think we just found our twin. You know, if you ignore that second part that we just said and everything.

"We won't be taxing, bureaucratic hypocrites forever!"

We're fighting a costly, not at all drawn-out war against the Roman cosplaying enslaving scumbags known as Caligulas Legion! Suck it and die from your 'headaches', you bald b*stard.

Are you aggressively coked-out? Do you join regions for no reason? Do you like copious amounts of drugs, eating Mexican food from taco trucks and the searing hot desert sun? Join Calexico and Mexicali then, moron.

Do you too wish to patrol the Senora, almost making you wish for a nuclear winter? If so, consider joining our Embassy Program
