Formerly **The New Byzantine**. Your typical NationStates member since late 2014.

Just call me Byzantine/TNB/Byz because no one really calls me The New Byzantine.

Left-wing nationalist, **civic nationalist** and a **social democratic corporatist**.

Just is calming

La Ferra Suprema Reigns Supreme over the vast lands of Stella Nera
A land where humanity is king, above god and devil alike. A blissful Utopia for Humanity, a horrible Dystopia for sentient robots.

Robots shouldn't have rights or citizenship;
Compromise on other non-human sapient entities is possible, with limitations, but not on these buckets of bolts. They should serve humanity and have absolutely no place in society other than as our servants. Think of the benefits of this. Plus, they would almost certainly overtake humanity if we gave them the chance, whether out of pure advanced abilities or malice, or worse, both. Think of humanity.

Humanity First!

Just because Louisiene is named similarly to the US state doesn't mean it has
anything to do with it.

Obito X Seachains X Davis X Lena - Simple Love (Orinn Lofi Version). For some reason, I've decided this to be a song I wanted to listen on repeat soon after Tết arrived. And yes, I am questionable at listening to the language, especially fast speech (I want to improve on that in the future). I first listened to this as the first lo-fi song of my homeland's language and I've come back to it! *Simple love, girl; simple love, girl; simple love, simple love, oh simple love, girl; ôi trên đây giáng xuống thần tiên đi vào trong giấc mơ; baby girl, I'm gonna say "you're the only one"...*
