Lights - "Toes"

We are free to believe that this is the century of authority, a century tending to the right, a Fascist century. If the XIXth century was the century of the individual (liberalism implies individualism) we are free to believe that this is the "collective" century, and therefore the century of the State.

Sex Pistols - *Submission*

The guitar riff really reminds me of *The Needle and the Spoon* by Lynyrd Skynyrd.
