Lament for the Aurochs, the Sword.

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.

Muse-Feeling Good.

Some cover of an old song they did, which I honestly kinda dig, and being me, more the the original. I mean, I liked a cover of a Beatles song sung by an 11-year old girl and played by teenagers more then the original.
