Every time I get warnings it's when I'm sleep deprived. ☐ It seems to affect my stability.

I haven't been warned before but I think lack of sleep has affected me before, too. I guess it is reasonable since it is common thought that lack of sleep causes people problems.

I just typically stay away from the endless abortion, religious, and so on threads in general. I can usually tell by the thread title when a thread will probably make me angry so I just try to avoid making my anger go up by staying here ☐

I fall victim to people trolling me into getting mad at them when they are clearly losing debates and won't admit it. A&F seems to be the only safe place without nasty behaviour.

I hate when people refuse to admit they are wrong when they clearly are. Especially when like 5 different sources are shoved in their face. Their close-minded people who refuse to get out of their stupid shell of their own skewed opinions that are completely wrong to facts. The worst kind of people.

Like all this crap said about Obama, for example.

I'm the type that tries to have the most open mind possible, unless it comes to things like changing my mind on abortion, gay marriage, and religion. Which nobody here probably really knows what my opinions are on it except stuff I've said in minor conversations here and there.

I've been dogpiled by communists who were repeatedly telling me I want welfare abolished and then bashing me for it, when I said no such thing. It's especially ridiculous when I'm pro-welfare... But of course other people know my own thoughts better than I do. It seems people are eager to make up things to attack their opponents with when they don't like what they are saying and can't confront it.

A couple of songs from *Tannhäuser*. Just got past the part where Tannhäuser escapes from Venusburg.

Oh yes, and it's Solti conducting.

["Heaven's Devils"](#) - A soundtrack by... well, I assume it was from someone associated with Blizzard Entertainment. I can't confirm this, but I'm guessing the artist was Jeremy Soule.

I found it to be the most familiar soundtrack in the game, at least when playing as a Terran commander. Definitely one of my favorites.
