Umm, this might not be true but after examining your other posts on this forum, could it maybe be possible that you posted on the wrong forum and instead mean't to post on the which party are you LEAST LIKELY to vote for forum? I know this probably isn't something I should dictate but I was just pointing something out.

Forums that I've posted: viewtopic.php?f=20&t=487988 (dead but useful for info)

I've been on this site for 2 years. I don't know if this is an accomplishment or just sad.

Social Democratic Alliance.

We do not use NS Stats, policies, or otherwise. Please only judge us by what is in our factbooks.

An alternate history version of China in which the alliance between the Kuomintang and the Communist Party never broke down, eventually resulting in a federalized, democratic China. Though one of the world's strongest economies and an emerging superpower, China continues to suffer from high rates of income inequality, an overreaching and sometimes corrupt government, and cultural issues that continue to persist despite the efforts of many reformers over the decades. Most factbooks are still an active WIP.
